---

Richard Moore is an activist from New Mexico. Do you know what his involvement is?  
What is the deal with the Air Alliance?

Bill

Last week things were going back and forth. Charles wanted the tiger team to meet to come up with a strategy for future communication including sending the fact sheet, community meeting etc. Hence, Cindy has setup the meeting. We will discuss at the Wednesday meeting how to move forward on this. Also Carl would like Richard Moore to be involved and he is not available till April. Don't think we will be proceeding with the meeting on February 25<sup>th</sup>.

Raji;

Have we reached a decision on the meeting on Feb. 25? Open house, full meeting, outside facilitator ???? Different date different room? I need to figure this out because I think I have to go back to Wilcox sometime soon. I still have the maps and poster from last meeting in Houston. Please let me know about anything we will need to add.

Thanks ,Bill

As requested by Cindy, here is the fact sheet prepared for the community for South Cavalcade. It has not gone out yet. This is in response to the community's questions and concerns expressed at the community meeting and via written comments. We can discuss the distribution of this at the meeting on Wednesday.

Time to start getting ready for the S. Cav. ROD amendment that we expect out for public comment at the end of March! Let's start planning how we will do stellar outreach to the N. and S. Cavalcades sites community.

We have several routes to consider. For example, does it make sense to have a community meeting the first week or two of April to answer questions? Should we have an open house? Panel of involved agency representatives? How will we coordinate (or involve?) Congresswoman Sheila Jackson Lee's office? Other elected officials? The media? What tools can we use better – the web, social media, etc.?

Join us for a lively discussion and planning meeting!
